

**SURYA MINES & MINERALS**

**THE EMERGING SUPPLIERS FOR QUARTZ IN SOUTH INDIA**

**[WWW.SURYAMINESANDMINERALS.COM](http://WWW.SURYAMINESANDMINERALS.COM)**

M/s. Surya Mines and Minerals the flagship firm in exporting quartz and feldspar from India which was floated in 2017. We are participating in the growth of our country's economy. The quarrying operations were commenced in Andhra Pradesh, Telangana and Karnataka. The quartz available in Saidapuram, Gudur, Andhra Pradesh has a silica percent of 97% to 99.8% with low E.C (electric conductivity). This is available in GLASSY AND GRANULAR in structure.

The quartz and feldspar are available in Grade "A", "B", "M", Powder and Boulders.

We are collaborated with different mines to meet the supply of all the varieties of quartz available across India to our clients in various regions of the world.

There is great demand for quartz. Due to the unique nature of quartz it is applicable in various industries such as Glass, Quartz slabs, Artificial Jewellery, Adhesive, Electricals, Ceramic, etc.,

We work together with our clients to get the best quality in the final output of the product.
